Relationship: Client

Project Date: April 2017

Project Price: more than \$100,000

We hired Edmonds Design and Construction to design and construct a full remodel/expansion of our small, 1950's era home. We could not be happier with the outcome. The design process was interactive with Edmonds listening carefully to our desires and thoughtfully adding his perspective. We love the design. The construction was complex and extended over several months. Edmonds kept us involved every step of the way, even though we were in a different time zone during the entire construction. The quality of the construction is excellent. His crew are excellent craftsmen and their pride in their work is well earned and obvious.

Project Price: \$10,000 - \$49,999

Jeff helped us redesign and modernize a very worn out bathroom into a modern, elegant, and lovely asset to our home. His work and his staff were exceptional. He has great knowledge of local codes and permitting which expedited all aspects of the work which was done on time and within budget. We were very pleased with the overall appearance and functionality of the room he completed. Indeed, we have contracted with him for a larger project that will be completed this year.

Project Date: February 2017

Project Price: \$10,000 - \$49,999

Jeff completed several projects for us over the last couple of years including a complete renovation of our living room and installing a large deck in our backyard. We love both of these spaces. Jeff hires terrific people to work with him. On all projects, he has been efficient and on time. Our deck was mostly funded by a grant from the VA, requiring volumes of paperwork and numerous inspections. Jeff was so patient and thorough in handling the paperwork, including the inevitable revisions that come with bureaucracies. He coordinated the inspections and meticulously planned out everything that could be done between them. We so appreciate all he has done for us.

Project Date: March 2017

Project Price: \$10,000 - \$49,999

Our project was a renovation of a steam shower. I knew Jeff previously and decided to consult him for our job. He is easy to work with, professional and reliable. He is responsive and gets back to your questions promptly. His subs were also great to work with and that is an important aspect as well. We are very happy with our project and I would use Jeff again on any project that comes up. I would highly recommend Jeff to anyone looking to do a remodel, small to large.

Project Date: July 2015

Project Price: \$50,000 - \$100,000

I would recommend Jeff Edmonds and his team to anyone in the Monterey Bay Area who needs remodeling done. Jeff is a seasoned professional and very pleasant to work with. I bought an older home (>100 years old) which needed a garage and an expansion to bring the water heater indoors and create a 2nd bathroom and laundry area.

Jeff gave me many options and worked to keep things within budget. He was always up front with costs. I was doing this long distance, and Jeff sent

**Project Date:** January 2016

**Project Price:** less than \$1,000

We reside in a 1927 Craftsman multi-level home in Pacific Grove. Our windows are double hung with rope typical of the period. A number of these original windows needed repair and upgrading. Based upon guidance from a local institution familiar with contractors who would render work true to the period, we engaged the Edmonds firm.

Jeff, the owner, is an intelligent, dedicated professional with high quality personnel dedicated to quality. The total bill was less than the estimate. The job was completed cleanly, quickly, and respectfully. This is a first rate firm.

**Project Date:** June 2015

**Project Price:** \$50,000 - \$100,000

My wife and I bought a bank foreclosure in Pacific Grove. There was a lot of improvements we needed. The budget we had was about 100K. We found Jeff to be very pleasant to work with and very knowledgeable about what needed attention. In addition, Jeff is very knowledgeable about the planning dept. peculiarities. Jeff plugged in the right people for each task and the result of seeing our home become more attractive really pleased us.

We recommend Jeff as a seasoned pro for the Monterey area.

Jeff performed an extensive re-model on my "beach shack", including a new roof line, changing the location of two exterior doors, new windows, floors and fireplace. The biggest challenge was handling the difficulty in communication between my remote location in Alaska and Jeff at the work-site. Despite this, the project was completed to my satisfaction within financial and time budget limitations.
